

REMARKS

New claim 15 is being added to further define and claim the invention to which the Applicants are believed to be entitled, namely, within the context of "provid(ing) a cinematographer with the ability to view a simulation of how a captured image sequence will look once it has been recorded and processed for a particular look" (page 6, lines 13 – 15 of the specification).

Respectfully submitted,

David M. Woods
Attorney for Applicant(s)
